

From Darkness to the Light

Let not darkness overtake me;
Stand between me and Satan's lure;
I try hard to see Your Light, Lord,
Though I falter, some steps unsure.

I do not question You, Dear Lord,
And I can never doubt Your Love;
All my fears at Your Cross I place,
Then look for Your Light from above

Many things I don't understand
And in darkness I seem to be;
Though I may not find the answers,
Yet one day they'll be given me.

Thank You for the strength You give me;
Praises for Your Amazing Might;
And as you guide each of my steps,
I'll leave darkness and see Your Light.
