

Even As You Have Loved Me

Lord, I do pray for completion,
Unity of my heart and soul;
For in my time of greatest need
Strain and stress are taking their toll.

Teach me to have purpose in life,
To glorify You as my King;
Lionizing You as Savior,
Allowing Your Message to ring.

Teach me how to sponsor Your Truth,
With Your Love casting out my fear;
Surround me with Your Touch of Peace
So that unity shall draw near.

Love, and power, and strength and peace,
Each honed perfectly day to day;
Even as You have loved me, Lord,
Please continue to lead the way.
