

A Peace Within

Grant me a sense of outer peace,
A calm I may own from within;
And when I have achieved this state,
I'll shed the angst from where I've been.

Your Answer lies within my soul;
Equations are pulsed from my heart.
The joys I receive from my life
Contribute greatly to new start.

To find Your Blessed Quietude,
To observe Your Heavens above,
To spend some "lone" time neath the stars,
That peace within shall own Your Love.

An inner peace in solitude
Guarantees that You will be there;
And strength I'll gain each livelong day
As I bask in Your Loving Care.
